CEO APPROVES

KOA: STYLISH LIVING AT ITS BEST

CONCEIVED AND DESIGNED WITH DUBAI CREATIVES AND ENTREPRENEURS in mind, KOA is a new architectural project located just outside of central Dubai, next to Al Barari. The concept comprises both contemporary, luxury apartments and a state-of-the-art co-working space, with a members-club style access system.

“The focus is on offering a forward-thinking generation of the UAE, livable spaces that are culturally enriching and reflect their modern lifestyles,” says Mohammed Bin Zaal, Emirati entrepreneur and CEO of KOA. “It’s about catering to a mindset that reflects a new outlook for the region.”

Each issue we bring you the finest products and experiences in the world.
If there’s something we particularly like, it earns our seal of approval.
